TODAY'S NEWS TODAYDAN CRAWFORD  
HEARD IN GOOD  
ADDRESS AT C. U.By a clear-cut and picturesque ad-  
dress delivered at Central Union  
church last night, Dan Crawford held  
a large audience in rapt attention.  
He stated that he would answer three  
questions: "Where? Why? and  
What?" Beginning with "Where?"  
he described his mission field and re-  
minded the audience that he could  
take India and put it into Africa, and  
on top of that, China, and then the  
continent of Australia and still have  
room for Europe. He said that the  
headquarters of his mission are at  
"the center of the center," two hun-  
dred miles further in than Livingston  
was able to penetrate.In answering the second question  
he told his hearers that as a boy he  
had always been intensely interested  
in the work of Livingston and that  
he had always desired to share in  
completing what Livingston had be-  
gun, so that ambition together with  
his earnest wish to follow the last  
command of Christ was what had led  
him to Africa.The main part of his address was  
devoted to telling what had been done  
in his field and in illustration he  
presented a series of word pictures, in-  
viting his audience to sit with him  
on the porch of the mud house, the  
headquarters of the mission, the "City  
of Refuge," as the natives call it, and  
look down the avenue of palms to the  
banana grove at the end. When he  
came there were no banana trees at  
all. He slipped in three tiny plants  
and now there are millions of them.  
He told the story of a young girl ap-  
proaching along the avenue, with a  
cloud of blue flies buzzing around her  
head where her ears had been cut  
off because she refused to marry a  
certain man, how the "white angel,"  
as the people call his surgeon-wife,  
had healed her, taught her, and how  
finally she became the wife of a young  
Christian black. Again he told the  
story of a man coming down the same  
road with one hand hacked off because  
he had stolen corn. Again he guided  
his hearers to the woods where a na-  
tive woman lived wild, or told the  
dramatic conversation of a native  
queen, all with the utmost vividness  
and simplicity.

MOTHER IS CHILD'S  
STOMACH SOUR, SICK?If tongue is coated or if cross, fever-  
ish, constipated, give "Califor-  
nia Syrup of Figs."Don't scold your fretful, peevish  
child. See if tongue is coated; this  
is a sure sign its little stomach, liver  
and bowels are clogged with sour  
waste.When listless, pale, feverish, full of  
cold, breath bad, throat sore, doesn't  
eat, sleep or act naturally, has stom-  
ach-ache, indigestion, diarrhoea, give  
a teaspoonful of "California Syrup of  
Figs," and in a few hours all the foul  
waste, the sour bile and fermenting  
food passes out of the bowels, and you  
have a well and playful child again.  
Children love this harmless "fruit lax-  
ative," and mothers can rest easy af-  
ter giving it, because it never fails to  
make their little "insides" clean and  
sweet.Keep it handy, Mother! A little given  
today saves a sick child tomorrow,  
but get the genuine. Ask your drug-  
gist for a 50-cent bottle of "California  
Syrup of Figs," which has directions  
for babies, children of all ages and for  
grown-ups plainly on the bottle. Re-  
member, there are counterfeits sold  
here, so surely look, and see that  
yours is made by the "California Fig  
Syrup Company." Hand back with  
contempt any other fig syrup—adver-  
tisement.If an accident happens at table, such  
as overturning a glass or breaking a  
bit of china, apologize at some other  
time than at the table. To say you  
are sorry is enough at the moment.In answering letters, avoid men-  
tioning the weary magnitude of your  
epistolary arrears. It isn't pleasant  
for your correspondent, even by im-  
plication, to be included among bug-  
bears.President Wilson appointed Walter  
McLean, captain, to be read-admiral  
in the United States navy.FRONTAGE TAX  
MEETING BIDS  
ARE SENT OUTNotice of the frontage tax mass-  
meeting on Wednesday evening next  
is being sent to each member of the  
Kaimuki Improvement Club by the  
secretary as follows:

"Honolulu, May 23, 1914.

"In accordance with a unanimous  
vote of this club, you are requested to  
attend a public meeting, under the  
auspices of the board of supervisors  
and Oahu Central Improvement Com-  
mittee, in the makai pavilion, Young  
Hotel roof garden, on Wednesday  
evening, May 27, at 7:30 o'clock, for  
the consideration of the street front-  
age tax laws."By unanimous vote of last meeting  
of this club, the principle of assess-  
ing the cost of work, under the acts  
in question, on a basis of two-thirds  
to the benefited property and one-  
third to the city and county for resi-  
dence sections, and on an equitable  
basis for main thoroughfares, was  
adopted.Please be present and thus give  
evidence of the interest of our dis-  
trict in the progress of Honolulu."If the membership of every improv-  
ment club in the city attends in a  
body, no question will be left of the  
interest the community takes in  
street improvement.THEORY AND FACT  
INCURABILITY OF  
BRIGHT'S DISEASEProfessor Tyson in his work on  
BRIGHT'S DISEASE says: "As to  
special curative measures... directly  
diminishing albumenuria, I believe  
there are none."Old beliefs are tenacious. But no  
matter how venerable and sacred, the-  
ory must give way to fact. From a  
safe full of evidence we take the OF-  
FICIAL figures in a recent test case,  
the analyses being made by one of  
the most noted analysts in this city:  
Jan 18 Albumen 2,700 gms (24 hrs)  
Jan 28 Albumen 465 gms (24 hrs)  
Reduction in 12 days nearly 80 per  
cent.This case was in extremis and the  
treatment was prescribed too late but  
in the face of the testimony of ana-  
lytical chemists what becomes of the  
old dictum that there is no agent that  
reduces albumenuria? Lamarck has  
truly said, the great difficulty is not  
in discovering but in getting the ac-  
ceptance of new truths. But the light  
is spreading.The ability of Fulton's Renal Com-  
pound to "diminish albumenuria" in  
many cases of bright's Disease is not  
a theory but a FACT IN PHYSICS to  
prove which we will show the per-  
centage from week to week. As the  
albumen declines, improvement com-  
monly follows, recoveries having been  
reported in thousands of cases. For-  
mula and literature sent on request.

HOST AT ARMORY  
DANCE SATURDAYA splendid open-air concert by the  
Hawaiian band, in the capitol grounds  
opposite the armory, opened the ben-  
efit dance given Saturday night by  
company H, the Chinese-American  
organization of the National Guard of  
Hawaii. From 7:30 until 8:30 Cap-  
tain Berger's musicians rendered an  
excellent program of lively marches,  
playing in the darkness and conse-  
quently without written music, and at  
the conclusion of the concert, a  
stringed orchestra placed on a raised  
platform in the center of the armory  
played the dancers "around, around,  
around, around," until the edge of  
midnight. As a social venture the  
dance was a big success, and the citi-  
zen-soldiers of company H made a  
big hit. As a financial venture, to  
provide funds for furnishing the com-  
pany rooms, it was a disappointment,  
the company just about breaking even,  
according to preliminary figures.The armory was decorated with  
American flags strung across the  
wide arch of the roof, while a full  
set of navy signal flags splashed the  
walls with colors. Refreshments  
were served at the rear of the hall,  
behind the temporary stage, which  
was decorated with flags and potted  
plants.The dance music, which makes or  
breaks an affair of the sort, was ex-  
cellent. Members of the company, re-  
inforced with Hawaiian talent, played  
during the evening and the combina-  
tion was voted a great success.Company H as a whole worked  
hard for the success of the entertain-  
ment, but special credit is due the  
general committee for the way in  
which the details were handled. This  
committee consisted of Lieut. John  
C. Lo, chairman; 1st Sergeant Amona,  
Sergeant Ho Tong, Corporal Kong,  
and Private L. Y. Sang. A number  
of sub-committees had charge of the  
various features.Several company commanders helped  
out by lending chairs and tables, for  
furnishing the hall, but the guard  
representation as a whole was disap-  
pointingly small.Company H Assembly.  
The regular weekly assembly of  
company H will be held tomorrow  
night and, according to the company  
commander, it is of special import-  
ance that every member attends, asV. STEPANSON

aged, selected Burley tobacco.Second—No one but the makers of Tux-

unpleasantness and harshness is taken out.

## Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imi-

host of imitations have been born, and are  
clamoring for your patronage.No imitation is ever as good as the original.  
No amount of advertising, no amount of  
bluster and bluff, can ever make an imita-

yourself the greatest smoking pleasure known  
to man. One week of  
Tuxedo will give you  
more enjoyment than

HONOLULU PEOPLEIt is surprising the amount of old,

buckthorn bark, glycerine, etc., known

This remedy became famous by curing
